

Bacti-Klear® Pellets Aquatic Microbial Blend

Ready-to-use pellet designed to decrease levels of organic sediment in lakes and ponds while reducing odors and improving water clarity.

- Pellets sink quickly, targeting the “muck” on the bottom, and near beaches and docks
- Contains bacteria and enzymes for digesting sludge and eliminating odors
- 3 billion Colony Forming Units (CFUs) per gram
- Enzymes Produced - Amylase, Cellulase, Lipase, and Protease
- Does not contain pathogenic bacteria
- Properly treated water may be used for swimming, fishing, and animals drinking the water.

Enzymes produced digest leaf litter, dead algae cells, grass clippings, dead plant matter, and other components commonly found in organic pond sediment (“muck”).

KEEP OUT OF REACH OF CHILDREN CAUTION

Read all Precautionary Statements and First Aid on label before use.

FIRST AID	
IF INHALED	Remove individual to fresh air. Seek medical attention if breathing becomes difficult or if respiratory irritation develops.
IF ON SKIN	Flush skin with water for 15 minutes. Take off all contaminated clothing. Seek medical attention if irritation develops.
IF IN EYES	Flush eyes with plenty of water for at least 15 minutes. Seek medical attention if irritation develops.
IF SWALLOWED	Immediately drink water to dilute. Seek medical attention if symptoms develop. Never give anything by mouth to an unconscious person.
Have the product container or label with you when calling a poison control center or doctor or going for treatment. IN CASE OF EMERGENCY, CALL INFOTRAC 1-800-535-5053.	

PRECAUTIONS

CAUTION. May cause serious eye damage and skin irritation. Do not get on clothing. Do not taste or swallow. Do not inhale dust. Wash hands thoroughly after handling. Do not mix with any other chemical.

DIRECTIONS FOR USE:

For use in lakes, ponds, water hazards and irrigation tanks.

Apply between Spring and Autumn, at any time of the day when water temperature exceeds 50°F.

Works effectively in a broad pH range between 5.5 and 8.5.

- Wear proper safety equipment including rubber gloves and eye protection when handling or applying product.
- Determine the surface acres of the treatment area: Length (ft.) x Width (ft.) / 43,560 = Surface Acres
- Determine the amount of product required, using the chart below.

Start-up Applications (Pounds per Surface Acre)	Maintenance Application (Pounds per Surface Acre)
20	10

Start-Up Applications: Apply specified dose every 30 days until desired level of muck reduction is achieved.

Maintenance Applications: Apply specified dose every 30 to 60 days to maintain desired appearance.

Spread pellets evenly using a scoop, handheld fertilizer spreader, or mechanical-type spreader.

STORAGE & DISPOSAL: Store in cool place in closed container out of direct sunlight. Do not reuse empty container. Rinse empty container thoroughly with water, then offer for recycling, or dispose in accordance with state and local regulations.

WARRANTY

To the extent consistent with applicable law, neither the manufacturer nor the seller makes any warranty, expressed or implied concerning the use of this product except as expressly provided herein.

Neither manufacturer nor seller makes any further representations or warranties expressed or implied, of merchantability or fitness for a particular purpose or otherwise.

To the extent consistent with applicable law, buyer assumes risk of use of this material when such use is contrary to label instructions. Read and follow all label directions.
