SAFETY DATA SHEET

Camelot® O

Fungicide/Bactericide

Section 1. Identification

Product name: Camelot® O
Other means of identification: EPA Registration Number 67702-2-67690

Supplier's details:
SePRO Corporation
11550 North Meridian Street
Suite 600
Carmel, IN 46032 U.S.A.
Tel: 317-580-8282
Toll free: 1-800-419-7779
Fax: 317-580-8290
Monday - Friday, 8am to 5pm E.S.T.
www.sepro.com

Emergency telephone: INFOTRAC - 24-hour service 1-800-535-5053

The following recommendations for exposure controls and personal protection are intended for the manufacture, formulation and packaging of this product. For applications and/or use, consult the product label. The label directions supersede the text of this Safety Data Sheet for application and/or use.

Section 2. Hazards identification

Signal Word: Warning

Hazard Statements:
H316 May cause mild skin irritation
H320 May cause slight eye irritation
H335 May cause respiratory irritation
H401 Toxic to aquatic life

Precautionary Statements (Prevention):
P281 Wear protective gloves

Precautionary Statements (Response):
P303 + P352 If on skin (or hair): Wash with plenty of soap and water.
P333 +P311 If skin irritation or rash occurs: Call a Poison Center or doctor/physician.
P305 + P351 If on eye: Rinse cautiously with water for several minutes.

Precautionary Statements (Storage):
P403 + P235 Store in a well-ventilated place. Keep cool.

Precautionary Statements (Disposal):
P501 Dispose of contents/container to hazardous to special waste collection point.

Section 3. Composition/information on ingredients

Chemical characterization: Mixture

Section 4. First aid measures

Description of first aid measures

Inhalation: Move victim to fresh air. Administer oxygen if breathing is difficult. Give artificial respiration if victim is not breathing.

Skin: In case of contact with substance, immediately flush skin with running water for at least 20 minutes. Wash skin with soap and water. Take off contaminated clothing and was before reuse. If skin irritation occurs: Get medical advice/attention.

Eye: If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Ingestion: Do not induce vomiting. If person is drowsy or unconscious and vomiting, place on the left side with head down. Seek medical attention.

Most important symptoms and effects, both acute and delayed: No further relevant information available

Indication of any immediate medical attention and special treatment needed: No further relevant information available.

Section 5. Fire-fighting measures

Extinguishing media

Suitable Extinguishing Media: Regular foam, carbon dioxide, dry chemical, water.

Special hazards arising from the substance or mixture: No further relevant information available.
Advice for firefighters

Protective equipment: No special measures required.

### Section 6. Accidental release measures

**Personal precautions, protective equipment and emergency procedures**

**Personal precautions:** Wear appropriate protective equipment. Do not touch or walk through spilled material. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing.

**Environmental precautions:** Avoid run off to waterways and sewers

**Methods and material for containment and cleaning up**

**Containment/ Clean-Up Measures:** Stop leak if can do it without risk. Absorb or cover with dry earth, sand or other absorbent materials and transfer to containers.

### Section 7. Handling and storage

**Precautions for safe handling**

**Handling:** No special precautions are necessary if used correctly.

**Conditions for safe storage, including any incompatibilities**

**Storage:** Store in ambient temperature, well-ventilated place away from excessive heat. Keep container closed when not in use. Keep away from incompatible materials.

**Incompatible Materials:** Strong oxidizing agents or acids.

### Section 8. Exposure controls/personal protection

**Control Parameters**

**Components with limited values that require monitoring at the workplace:** Not required.

**Exposure controls**

**Personal Protective Equipment**

**Pictograms:**

**Respiratory:** In case of insufficient ventilation, wear suitable respiratory equipment. Follow the OSHA respirator regulations found in 26 CFR 1910.134. Use a NIOSH/MSHA approved respirator if exposure limits are exceeded or symptoms are experienced.

**Eye/Face:** Wear safety goggles

**Hands:** Wear protective gloves
Skin/Body: Where extensive dermal exposure may be expected, either a chemical suit or a chemical apron will be needed.

General Industrial Hygiene Considerations: Handle in accordance with good industrial hygiene and safety practice. Wash thoroughly with soap and water after handling and before eating, or drinking. Safety shower and eye wash should be available close to work areas.

Environmental Exposure Controls: Follow best practice for site management and disposal of waste. Avoid accidental release to the environment.

### Section 10. Stability and reactivity

Reactivity: No dangerous reaction known under conditions of normal use.

Chemical Stability: Stable under normal temperatures and pressures.

Possibility of Hazardous Reactions: No dangerous reactions known.

Conditions to avoid: Exposure to excessive heat.

Incompatible Materials: Strong oxidizing agents or acids

Hazardous Decomposition Products: CO₂ and CO may be evolved during burning
Section 11. Toxicological information

Information on toxicological effects

Acute toxicity:

LD<sub>50</sub> (oral) (rat) >2000 mg/kg
LD<sub>50</sub> (dermal) >2000 mg/kg

Routes of Entry

Skin: Slight irritant.
Eyes: Causes slight irritation (reversible)
Ingestion: May cause cramps or nausea.
Inhalation: Slight irritant.

Carcinogenic Categories

IARC (International Agency for Research on Cancer): Substance is not listed
NTP (National Toxicology Program): Substance is not listed

Section 12. Ecological information

Toxicity: No further relevant information available.
Persistence and Degradability: No further relevant information available.
Mobility in Soil: No further relevant information available.
Other Adverse Effects: No studies have been found.

Section 13. Disposal considerations

Waste treatment methods

Product Waste: Dispose of content and/or container in accordance with local, regional, national, and/or international regulations
Packaging Waste: Dispose of content and/or container in accordance with local, regional, national, and/or international regulations

Section 14. Transport information

DOT Classification: Not regulated by US DOT Highway regulations.
U.S. Surface Freight Classification: NMFC item 155050, LTL Class: 70 Fungicide
UN Number: Non-Hazardous. Not regulated.
Marine Pollutant: No.
Packing Group: Not regulated.
Section 15. Regulatory information

Safety, Health, and Environmental Regulations/Legislation Specific for the Substance or Mixture

SARA: N/A

Section 355 (Extremely Hazardous Substance): Substance is not listed.

Section 313 (Specific Toxic Chemical Listings): Substance is not listed.

TSCA (Toxic Substance Control Act): Substance is not listed.

Proposition 65

Chemicals Known to Cause Cancer: Substance is not listed.

Chemicals Known to Cause Reproductive Toxicity for Females: Substance is not listed.

Chemicals Known to Cause Reproductive Toxicity for Males: Substance is not listed.

Chemicals Known to Cause Developmental Toxicity: Substance is not listed.

National Regulations: Substance is not listed.

State Right to Know: Substance is not listed.

Labeling requirements under FIFRA

This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and workplace labels of non-pesticide chemicals. Following is the hazard information as required on the pesticide label.

CAUTION: Harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

Environmental Hazards: This product is toxic to fish and aquatic organisms and may contaminate water through runoff. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by disposal of equipment washwaters or rinsate. This product may contaminate water...
Section 16. Other information

Date of Issue: May 2, 2016

Notice to reader
To the best of our knowledge, the information contained herein is accurate. However, neither the above-named supplier, nor any of its subsidiaries, assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist.
