

SePRO CORPORATION JOB DESCRIPTION

Job Title: Chemical Engineer
Department Name: Manufacturing
Supervisor Title: Director of Manufacturing and Logistics
Location: Rocky Mount, NC (SePRO Distribution Center)

SePRO Corporation is a research-based Life Sciences Company, recognized as an industry leader in providing the highest quality products and technical services to the specialty markets we serve. We are seeking a Chemical Engineer for the SePRO Distribution Center in Rocky Mount, North Carolina. This position reports directly to the Director of Manufacturing and Logistics and is responsible for the highest quality deliverable.

JOB SUMMARY

The Chemical Engineer provides process and project engineering leadership.

PRIMARY RESPONSIBILITIES

- 1) Maintenance and Project Management
 - a. Develop scope of work, design and cost estimates for repairs and new projects.
 - b. Oversee contractors to maintain cost, quality and safety performance.
 - c. Insure preventative maintenance is performed on facility and process equipment.
- 2) Technical
 - a. Create and maintain manufacturing procedures and product information.
 - b. Actively work with Research and Development on the scale-up and introduction of new products.
 - c. Actively work to improve existing processes and products.
 - d. Design, specify and manage installation of plant processes and equipment.

EDUCATION, QUALIFICATIONS and EXPERIENCE

- BS in Chemical Engineering; MS or MBA is a plus.
- 1 to 4 years' experience in chemical production management or plant engineering
- Prefer experience in the Agricultural Chemical business.
- Successful candidate will possess ability to move to Site Manager within 2 years.

COMPETENCY STATEMENT(S)

- Adaptability - Ability to adapt to change in the workplace.
- Autonomy - Ability to work independently with minimal supervision.
- Communication, Oral - Ability to communicate effectively with others using the spoken word.
- Communication, Written - Ability to communicate in writing clearly and concisely.
- Detail Oriented - Ability to pay attention to the minute details of a project or task.
- Enthusiastic - Ability to bring energy to the performance of a task.
- Organized - Possessing the trait of being organized or following a systematic method of performing a task.
- Reliability - The trait of being dependable and trustworthy.

ACCOUNTABILITY

Freedom to Act — Business strategies are agreed upon at the SePRO Management Level with input from others within the organization. The work needed to implement these strategies and other responsibilities is carried out with minimal, but routine consultation with supervisors. Candidate must be adaptable, trustworthy, detail oriented, enthusiastic, organized and reliable.

Impact — Results are measurable in meeting timelines and resultant impact on meeting business goals. The individual has a direct impact on results and on success and growth of the organization.
