

SePRO CORPORATION JOB DESCRIPTION

Job Title: *Technical Sales Specialist*
Department Name: Sales
Supervisor Title: *Regional Sales Manager*
Location: Florida

JOB SUMMARY

Under the direction and periodic review of the Regional Sales Manager, the *Technical Sales Specialist* is primarily responsible for managing sales, assisting with market and field development activities, and providing technical stewardship of SePRO's turf and landscape products in the territory. The preferred location for this position is based in central Florida.

This is an excellent opportunity for a person with strong technical sales and business development skills. There is a significant growth potential as much of the product portfolio is in the early life stages in the territory.

PRIMARY RESPONSIBILITIES

Sales Territory: Florida

- 1) Use technical knowledge, sales, and communication skills to gain support and growth of SePRO's products in the turf and landscape markets.
- 2) Implement sales and marketing programs and lead product stewardship efforts in territory with focus on growth.
- 3) Provide technical training to key audiences, which includes golf course superintendents, landscape organizations, distributors, extension agents and consultants.
- 4) Establish customer focused objectives in cooperation with Regional Sales Manager and implement plans achieve those objectives.
- 5) Build and maintain relationships with customers and new prospects to promote, sell, and steward SePRO solutions that are aligned with market strategies, and create strategies to support growth in product use.
- 6) Communicate field initiatives effectively within the organization. Utilize CRM software to manage customers, contacts, sales calls, and development initiatives.
- 7) Introduce and represent the appropriate use of products at industry meetings, customer training events and other end-user outreach opportunities.

Education, Qualifications and Experience

- Bachelor's degree (4-year college or University)
- Experience with plant protection products in US turf and landscape markets is desirable
- Computer proficiency with Microsoft Office Suite
- Excellent driving record
- Excellent presentation and communication skills
- Business acumen and customer focused
- Strong organizational and time management skills

The candidate must have the ability to travel on a daily basis in the territory with expected routine overnight travel (2-3 nights a week) for product stewardship, technical support, and other sales related efforts. The *Technical Sales Specialist* is expected to frequently interact with industry professionals and establish sales development activities with end-users.

KNOW-HOW

Technical and Functional Knowledge/Skill Abilities —Ideal candidates will have experience in a discipline related to sales, environmental management, agronomy, specialty agriculture, and/or another related applied science field. Applicant should have good computer skills. Personal characteristics of initiative, drive, organization, and attention to detail are important. Candidate should possess excellent verbal, written and listening skills to manage market opportunities and technical issues. The ability to manage changing priorities and multiple projects at one time is necessary. The desirable individual is innovative and able to work within a budget.

This individual will also need the following:

- 1) Demonstrated ability to negotiate win-win strategies, conflict resolution and handling objections by taking initiative and finding creative solutions
- 2) Demonstrated ability to get desired results by following agreed upon plans
- 3) Demonstrated ability to identify and use effective methods for collecting, interpreting and communicating market, customer, and competitive data
- 4) Demonstrated ability to work independently with minimal supervision
- 5) Business acumen with a customer focused approach
- 6) Strong organizational and time management skills

Human Relations — The position requires good communication skills, as there is continuous interaction with distributors, growers, research cooperators, applicators, and SePRO marketing, sales, technical and regulatory teams. The ability to maintain excellent professional relationships is equally important. Therefore, good interpersonal skills of both written and oral communication are desired, and candidate should have excellent presentation skills.

ACCOUNTABILITY

Freedom to Act — Business strategies are agreed upon at the SePRO Management Level with input from others within the organization. The work needed to implement these strategies and other responsibilities is carried out with minimal, but routine consultation with supervision. Candidate must be adaptable, trustworthy, detail oriented, enthusiastic, organized and reliable.

Impact — Results are measurable in meeting timelines and resultant impact on meeting business goals. The individual has a direct impact on results and on success and growth of the organization.
