

Sonar Infinity™

Aquatic Herbicide

Sonar® that is Infinitely better

- 
MORE PRECISE
 Easier to measure, dose, and less to rinse.
 Save money.
- 
INFINITELY STABLE
 A formulation that will not settle.
- 
EXTEND WEED CONTROL
 Easily fits into any management program.
 Add up to 1 PDU per acre ft in every tank.

Sonar Infinity - Pond Maintenance Program

Sonar Technical Recommendations

North Use Pattern

PDU's per acre feet

- 1 PDU with 1 gallon of Littora® (diquat) and 2 gallons of Komeen®
- Either 0.5 PDU's every two weeks or 1.0 PDU every month; add algae control as needed.
- No Littora (diquat) needed after first application

South Use Pattern

PDU's per acre feet

- 1 PDU with 1 gallon of Littora (diquat) and 2 gallons of Komeen
- 1 PDU with algaecide as needed 2 weeks later
- 0.5 PDU every two weeks for the next 2 months plus algaecide as needed
- No Littora (diquat) is needed after first application
