This position is responsible for Quality Control activities and will work collaboratively with other departments to enhance the growth of SePRO and the effectiveness of the Laboratory.

Primary Responsibilities:

- Produce quick and accurate turnaround of manufacturing samples.
- Perform routine laboratory tests and other tasks as needed.
- Develop inspection protocols that insure adherence to quality standards
- Perform chemical analysis of in -process and final samples in a production setting using Titrations and various types of analytical instrumentation.
- Manage incoming quality from suppliers.
- Maintains neat, clean and orderly laboratory.
- Lead compliance with external quality standards such as ISO 9001 and ANSI 60.
- Perform process audits to insure adherence to Standard Operating Procedures.
- Generate Certificate of Analysis for products
- Assess aged inventory and returned goods for proper disposition
- Investigate quality complaints and manage Corrective Action Process
- Serve as primary contact for all product quality related issues
- produce lab batches as needed to verify and improve process
- input and maintain Bill of Materials in ERP system
- Collaborate with other departments to enhance the growth of SePRO and the effectiveness of the Laboratory.

Education and Experience Requirements:

- Bachelor's degree in Chemistry or related field
- two years of Quality Control experience
- Knowledge of agricultural formulations

REQUISITE SKILLS

- Excellent leadership skills
- Extensive knowledge of health, safety and environmental regulations
- Excellent analytical and problem-solving skills
- Excellent observational skills
- Excellent written and verbal communication skill
- Excellent organizational skills and attention to detail
- Proficient in Microsoft Office Suite or similar software.

PHYSICAL REQUIREMENTS

- Physically able to conduct inspections and carry equipment used for inspections.
- Prolonged periods of sitting at a desk and working on a computer.
- Must be able to lift up to 50 pounds at a time.
- Must be able to climb 40 feet ladders and work on elevated platform
- Must be able to wear PPE equipment.
