

Clearcast[®]

Aquatic Herbicide

Cattails don't stand a chance!

- **Selective and systemic**
- **Unsurpassed environmental profile**
- **Best cattail solution available**
- **Growth regulations on ditch banks**

General Use Guide*

Cattails	Curly-leaf Pondweed	Creeping Water Primrose, Phragmites, Lilies**
32 oz/acre	20 oz/acre-foot (50 ppb in-water dosing)	64 gal/acre (or 2% spot solution)
	Broadcast treatments over weeds	

*Visit with a SePRO Technical Specialist for information, rates assume < 5 foot average depth.

Application Tips:

1. Increase Clearcast to 1 gal for Spatterdock and floating heart**
2. Always add 1% Methylated Seed Oil (MSO) surfactant for foliar applications or other nm-silicone based surfactant
3. For faster browning with no selectivity concerns: add 6 oz/acre of Stingray Aquatic Herbicide

Complete rate guide by species on product label

Features:

- Won't burn beneficial plants
- Won't burn surrounding grasses
- Works any time of year
- Cattails don't come back
- On the EPA's list of "Reduced Risk Pesticides"
- Custom Rx's from SePRO Technical Specialist always available
