

Easy as 1-2-3

Making the most of your PGR program doesn't have to be difficult. Following the steps below, choose the right PGR to meet your course needs. Be sure to start at the correct rate and reapply in-season for consistent regulation.

1 Evaluate your PGR options

2 Start at correct rate & make at least 2 applications

3 Increase rates in-season

Grass Type	Bent (greens)	Bent (fairways)	Rye & KY Blue Grass (fairway)	Zoysia (fairways)	Paspalum (fairways)	Bermuda (fairways)	Bermuda (greens)	Bent (greens)	Bent (fairways)	Rye & KY Blue Grass (fairway)	Zoysia (fairways)	Paspalum (fairways)	Bermuda (fairways)	Bermuda (greens)
Application Interval	2 wks.	3 wks.	3 wks.	3 wks.	3 wks.	3 wks.	2 wks.	2 wks.	3 wks.	3 wks.	3 wks.	3 wks.	3 wks.	2 wks.

- *Poa annua* conversion
- Enhance turf quality
- Exceptional turfgrass safety

- Consistent turf growth regulation
- Premier warm-season turf PGR
- Reduce "rebound effect"

- *Poa annua* conversion
- Economical PGR solution
- Exceptional turf safety vs. paclobutrazol

■ Cool-Season
■ Warm-Season
